

Eternal Life In Jesus

Tribulation Action Plan

We are living in a time in history where Biblical Prophecy is being fulfilled before our very eyes and there is no doubt in my view that we are living in the last days before the second coming of Jesus Christ. This is the last generation and soon all things will be fulfilled in Scripture and Jesus will return as He promised. Most people in this World have no idea of what is going on, no idea that we are living in the last days, no idea that the judgment of God is upon this World because of Sin, no idea that Jesus is coming soon and will return from Heaven, as the King of Kings and Lord of Lords. Even those who profess to be Christian, most are in a Spiritual Comatose state and God is continually sending His warning signs that judgment is coming: Earthquakes, Floods, Famines, Hurricanes, Tornadoes, Incurable Diseases, Pestilence and nothing seems to wake them up out of their Spiritual unconsciousness. They believe the Devil's lie that it's all due to Global Warming instead of the judgment of God on this World because of Sin. Worse still many who profess to be Christian do not even know Jesus as their Lord and Saviour and are not Saved and need to be Saved. Then there are those who think the secret rapture will save them and that they will escape the Tribulation. The fact is that those who believe in the secret rapture doctrine are believing a lie and are therefore are not ready for what is to come. The truth is this: **THE CHURCH WILL GO THROUGH THE TRIBULATION AND THE CHURCH NEEDS TO MAKE HERSELF READY!** How do we as part of the Church of Jesus Christ get ready and prepare ourselves for what is to come? One needs a plan of action, a Tribulation Action Plan

The reality is that there is very little time left and you need to act NOW! The following Tribulation Action Plan is a guide to help you prepare for the Tribulation. Note: It is not called the Tribulation SURVIVAL Plan, because many will lose their lives and be beheaded for their Testimony of Jesus Christ, for refusing to take the mark of the beast, for refusing to worshiping the beast and his image. This Tribulation Action Plan will not save you from the Tribulation, but will help you prepare and be ready for it, both in a Spiritual and practical way. The truth is that only God can safely take us through the Tribulation and our trust must be in Him. There are however certain things that we can do, common sense things that will hopefully put us in a good position in the Tribulation, that we might **fulfil** God's Will and be found faithful when Jesus comes.

Get yourself right with God: Repent and turn from every sin in your life and seek God with all your heart. There is little time left to do this. For those who do not know Jesus as their Lord and Saviour, the Lord Jesus loves you and will save you this very hour if you will come to him and turn from your sin. It is also important that we read our Bibles and immerse ourselves in the Word of God. The more we know God's Word, the stronger we will be spiritually and better able to overcome the Devil and his mark of the beast system during the Tribulation.

Get out of debt: If you don't it will become a snare to you. The New World Order Beast System will use your debt against you and trap you in your debt. In my view, you haven't got much time. The less debt you have in these last days, the better position you will be in when the time comes. Those of you who are not in debt, my advice is to stay out of debt, do not get into debt, do not let debt get a hold on you, KEEP OUT OF DEBT.

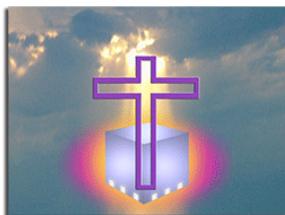

Store food, water and other essential supplies: The World is heading for a Global famine, stocks of wheat and rice are at an all time low and shortages already exist. Add to this the disappearance of the honey bees worldwide that are needed to pollinate our crops, is increasing the pressure of a global famine. The risk of a the Bird flu pandemic and experts say it's not a case of if it will happen but when it will happen and when it does, it will disrupt food supplies worldwide and cause severe food shortages. Add to all of this war and the likelihood of war in the near future in the Middle East and war with Iran is a prime candidate. When war does break out it will almost certainly escalate and draw the nations of the World into a third world war which will also cause severe food shortages and food rationing. Food shortages have already cause food prices of wheat, rice and cooking oil to escalate rapidly and have already resulted in civil unrest, with people rioting in some countries. This I believe is just the beginning and things are about to get much worse. Famine, pestilence and war are all part of what is coming in the Tribulation, so what can we do when it comes to feeding our families and protecting ourselves from the famine that is ahead? We need to store food, water and other essential supplies. If war breaks out and there is a nuclear exchange, the radiation will poison the water supplies, so have containers on hand that you can fill up before the radiation poisons the water. I would recommend that you store at least three to six months' supply of food. Buy food that will keep a long time (tins of food, jars, biscuits, bars of chocolate, sugar, coffee, tea, flour, rice, etc.). Do not tell anyone that you are storing food supplies, or when the time comes, they will try to take it from you, even kill you for it. Remember, that electric and gas supplies may be disrupted, so foods that have to be frozen, or kept refrigerated are not recommended. Remember to rotate your food stock consuming the oldest first. Also buy foods that you are going to eat, so that you don't end up throwing food away, should the expected famine be delayed.

Consider moving: The Cities will be a very bad place to be in during the Tribulation, there will be civil unrest and much violence and martial law will be implemented in many cities to curb the looting and violence and to control the public. I would recommend that you earnestly seek God's Will on what He would have you to do. For those in the US, now might be a good time to consider leaving the Country. Seek God's Will and find out what He would have you to do and where He would have you to go. If God tells you to move, move and do not delay.

Withdraw your cash and move your money: The Global credit crunch is bringing the World economic system to its knees with the collapse of the US subprime mortgage market and the banks worldwide struggling to survive due to their liquidity problems and bad investments. Consider withdrawing a suitable amount of cash while you still can, before the banks go belly up, so that if the worst comes to the worse, you still have cash in hand. If you have a lot of money tied up in US Dollars, consider moving it to other currencies, or commodities such as Gold, or Oil. I would personally avoid US Banks and any financial organization that are heavily tied to the Derivatives Market. If you live in the US, consider moving your money to off-shore non-US accounts. The World appears to be moving away from the Dollar in favour of other stronger currencies such as the Euro. This in turn reduces the Dollar's value, so holding onto the Dollar might not be a good idea, especially in the longer term. It is important that you seek God on what He would have you do concerning your finances before taking any action. Remember there will come a point in time when your money will be no good to you, because the implementation of the mark of the beast system will prevent you from accessing your bank account, you will not be able to buy food, you will not be able to sell anything unless you receive the mark and worship the beast and his image. As Christians God has made it clear to us in His Word that we are not to receive the mark, we are not to worship the beast, or his image and when the time comes, we will have to totally trust God and put all our faith in Him. He is able to see us through the Tribulation.

Seek God with all your heart and trust Him completely: Remember we cannot save ourselves from what is to come; only God is able to see us through the coming Tribulation.

Stay watchful and remain faithful: Even if things should appear to go quiet, and nothing much appears to be happening, know that this delay is only the calm before the storm. Don't let down your Spiritual guard, don't lose your focus that Jesus is coming. Stay close to God, watch and remain faithful as He has commanded us to.

As we prepare for the Tribulation, we prepare because we believe God's Word and we know that the things which are written, God will surely bring to pass and Jesus will return, as He promised. God Bless you as you prepare for the Tribulation and make yourself ready for the Glorious return of our Lord and Saviour Jesus Christ.
